WORLD SUMMIT ON MEDIA FOR CHILDREN AND YOUTH JUNE 14-18 2010 KARLSTAD SWEDEN

PROGRAMME
Preliminary programme January 14 2010
In search of smarter grownups bringing insight, knowledge and skills on media to children and youth, World Summit on Media for Children and Youth in Karlstad will be the number one meeting place 2010. See updated programme at wskarlstad2010.se

World Summit Karlstad aims to:
• Strengthen staff from education and leisure putting them at the core of the media and information society
• Support media and information literacy education
• Present new international research finding’s on children, youth and media
• Give policy makers access to recent research results
• Provide quality media industry content producers and distributors with updated information and knowledge
• Increase opportunities for children and youth to influence media content
• Strengthen the dialogue between: media production/content creation, media education/education, media research and policy-making, and children and youth

In June 14 - 18, 2010, the City of Karlstad in Sweden hosts the World Summit on Media for Children and Youth. The programme introduces more than 140 sessions with a focus on children, youth and media. International top quality experts will run key note speeches, panels, round table discussions, lectures, seminars and workshops. More than 40 make high quality professional relevance to children and youth specialists such as teachers and leisure time staff, researchers and youth NGOs.

World Summits are held every three years, attended by media, technology, policy and education professionals dedicated to children’s services. Previous Summits have been held in Melbourne 1995, London 1998, Thessaloniki 2001, Rio de Janeiro 2004 and Johannesburg 2007.

Under the patronage of H.M. Queen Silvia of Sweden, with recommendations by the Swedish Minister for Culture Ms. Lena Adelsohn-Lijeroth and the Vice President of the European Commission Ms. Margot Wallström, we warmly welcome you to Karlstad - towards a new global vision for children and media!

Per Lundgren
Director, World Summit on Media for Children and Youth Karlstad Sweden

Welcome to Karlstad, the city with the happy sun! We are convinced that you will enjoy Karlstad, because we love to entertain our guests.

Most probably, this is our heritage from the 18th century waitress, Eva-Lisa Holtz, whose cheerful and friendly personality made people call her “Sola i Karlstad”, the Sun of Karlstad.

Today her statue stands in the centre of Karlstad just outside the Elite Hotel, nearby where she used to work.

The fact is we do have a lot of hours of sunshine in Karlstad. Together with the sunny disposition of the waitress, Karlstad was inspired to have the smiling sun as the official emblem.

We hope you will enjoy Karlstad, with its nice shopping, cosy restaurants and beer gardens. The delta of the River Klarälven creates a city beautifully surrounded by fresh clean water, enabling you to go for a swim in the heart of the city! If you would rather stay on top of the water, why not see the city from one of the water buses during the summer. A free city bus pass is included in the conference fee for all World Summit delegates. Welcome to the city of Karlstad!

FACTS ABOUT KARLSTAD

Founder: Duke Karl in 1584

Distances: 220 km from Oslo and 300 km from Stockholm

Our population is just over 84 000 inhabitants, and our ambition is to grow and expand to a bigger city.

The Karlstad region is a world leader in pulp, paper and packaging, and The Paper Province is one of the most successful business clusters in Europe.

We have a fantastic university, with 10 000 students, that forms a significant hub in regional development.

Karlstad has a busy events calendar and there are always plenty of cultural experiences to choose from.

We constantly strive towards a sustainable society. Among other things we are making use of the winds from our inland sea, the Lake Vänern. A newly constructed offshore wind power park in the lake will provide large amounts of environmentally friendly electricity.
